\$30

Formats:

For digital ads, please submit your final artwork in the following formats: .pdf, .eps, .ai, .tif or .jpg. We can accept other file formats (.gif, .bmp etc), but please note that these formats are usually low resolution, and will not look good in print. All digital artwork should be produced or scanned at 300dpi (dots per inch). Some common graphic programs on home computers don't refer to resolution in terms of dpi, but instead will refer to high quality, best quality, print quality; etc. For files to look good in print, you should scan or produce your artwork with the highest settings available. If your artwork needs to be scanned, and you are not sure how to scan it, we can do that for you.

For an additional \$10, we can design your ad for you. Just contact Melvin Holland or Rolanda Holland with the information.

Ad Submission:

Please submit all digital ads under 3MB to Melvin Holland or Rolanda Holland via email. If your digital ad is too large to email, you can submit a CD. CDs, files to be scanned, and payment should be submitted in person to Melvin Holland. Checks can be made out to Jordan Band Boosters.
